

# GLORIOUS PADS

30 ambient patches by Nicolas Jayr

**Roland JUNO-Gi**

Thank you for buying the sound bank "Glorious Pads" for the Roland Juno-Gi.

In the lineage of the work done on "Atmospheric Worship Pack" for the series of Roland BK / EA, I realized these 30 sounds by exploiting the architecture of the Roland Juno-Gi to obtain large pads and expressive.

I hope you will have fun playing with the sounds of "Glorious Pads".

Nicolas JAYR

May 2019

## Installation guide :

**Warning:** The Juno-Gi has a global system for saving / reading user data. As a result, when loading "Glorious Pads", all the sounds already stored in the user memory will be erased.

On your computer :

- Insert the SD memory card of your Juno-Gi into your computer.
- Open the SD card.
- Open the directory "ROLAND".
- Open the folder "BACKUP".
- If they are present, delete the two files "JUNOGI.bin" and "JUNOGI.vsd".
- Copy in this same folder the two files "JUNOGI.bin" and "JUNOGI.vsd" from the file "Glorious Pads".
- Remove the SD memory card from the computer.

On the Juno-Gi :

- Insert the SD memory card into your Juno-Gi.
- Press the "MENU" button and select "UTILITY MENU" and press [ENTER].
- Select "User Restore" and press [ENTER].
- Validate by selecting "EXEC".
- Wait until the confirmation of data loading is indicated, turn off and restart the Juno-Gi.

## Presets list :

|                   |                    |                    |                    |                    |
|-------------------|--------------------|--------------------|--------------------|--------------------|
| 01 Glorious Pad 1 | 07 Glorious Pad 7  | 13 Glorious Pad 13 | 19 Glorious Pad 19 | 25 Glorious Pad 25 |
| 02 Glorious Pad 2 | 08 Glorious Pad 8  | 14 Glorious Pad 14 | 20 Glorious Pad 20 | 26 Glorious Pad 26 |
| 03 Glorious Pad 3 | 09 Glorious Pad 9  | 15 Glorious Pad 15 | 21 Glorious Pad 21 | 27 Glorious Pad 27 |
| 04 Glorious Pad 4 | 10 Glorious Pad 10 | 16 Glorious Pad 16 | 22 Glorious Pad 22 | 28 Glorious Pad 28 |
| 05 Glorious Pad 5 | 11 Glorious Pad 11 | 17 Glorious Pad 17 | 23 Glorious Pad 23 | 29 Glorious Pad 29 |
| 06 Glorious Pad 6 | 12 Glorious Pad 12 | 18 Glorious Pad 18 | 24 Glorious Pad 24 | 30 Glorious Pad 30 |

To add extra expressiveness to the sounds of "Glorious Pads", I suggest using in real time the "D BEAM" controller by assigning the parameter CC71 (resonance). If you have an expression pedal, you can also assign the same parameter allowing you to control it with the foot, which is even more practical.

All the sounds of the sound bank "Glorious Pads" can be freely used in any musical composition including commercial works. No authorization is required. Sharing the sound bank "Glorious Pads" is not allowed and requires authorization.
