

Sub-Level is a collection of 16 sounds for the Roland Boutique JX-03, check the demo !

Once downloaded, the file must be unzipped. To load the set in your Roland Boutique JX-03, just connect your instrument using the USB, hold the button '2' and switch on the JX-03. It should appear as a 'HD' in your computer. Then drag and drop the file in the sound directory...and have fun !
